

At WCGL we are one of the few stations that offer many services to our local area. We offer a community talk show on Saturdays at 1:00pm "1360 Live Talk" which address many issues that affect our local community. We have a daily feature for Church and Community news, A program aired 2 times per week just for Senior citizens " The Senior Rap Line", and we promote many local public service campaigns.

There are too many promotions and programs that we feature for our local community .

If you need additional information on these services please give us a call at (904) 766-9955.

Sincerely,

Kelvin C. Postell
Operations Manager
